Please explain how these funds will be used to provide a public benefit:

This project includes many benefits to the community and fits into the strategic plan of GEHS to present learning opportunities to the public concerning African American history, culture, education, and what life was like in the Salem Black River Community. This presents an economic opportunity that helps to secure future preservation and aids in bringing new life to the Salem Black River Community. The project will result in heightened interest in the legacy of the Goodwill Parochial School by hosting regular cultural events, lectures, meetings, displays, conferences, workshops, training, and summer programs to raise the local profile of this historic structure. The public will also be made aware of the positive impact and role of historic preservation and cultural heritage in a rural area. This project has the opportunity to influence the education, mindset, and cultural acumen of our youngest citizens.
